

## God's Rainbow Fruit Dessert

Suggested Ingredients to choose from:

Clouds: Non-dairy whip

Red fruits: Apple, watermelon, strawberries, raspberries, cherries

Orange fruits: Oranges, tangerines, peaches, apricots, cantaloupe

Yellow fruits: Pineapple, mango, banana, Bartlett yellow pears

Green fruits: Kiwi, white grapes, D'Anjou green pears

Blue fruits: Blueberries

Indigo fruits: Red grapes

Violet fruits: Blackberries, Black grapes

**Directions:** Set out a large paper plate. Wash fruit and cut it into smaller pieces. Place the fruits of your choice in order in a half circle on the plate, like a rainbow, starting with the red fruit along the top edge of the plate. Continue with the orange line underneath the red line. Follow with yellow, green, blue, indigo and violet lines. After the fruits have been placed in order, place a spoonful of non-dairy whip at each end of the rainbow. Spread it out a little bit with the spoon, making it look like a puffy cloud. Cool in the refrigerator and serve for dessert after Sabbath lunch.

Option: Make individual desserts for your family, or make God's Rainbow Fruit Dessert on a large plate for all of your family to enjoy together. Give them toothpicks with which they can pick up the fruit and dip them in the whip. Enjoy!
